

“We came for the BBQ but stayed for Broadway.”

New visitors are always surprised by all the things there are to do in Owensboro. The world famous Bar-B-Q Festival is just the beginning.

There’s so much to do in this lively river city – festivals of food, music and dance the year-around, museums, art galleries, golf, fishing and now—Broadway.

Many touring productions heading for New York and London arrive first at the Owensboro River Park Center. It’s a great opportunity to see what’s next on the entertainment scene.

When you sample what Owensboro has to offer, you’ll see a lot more than Bar-B-Q heating up here.
